AIRSUPPLY TOOLS

WE MAKE IT EASY TO FIND THE TOOLS YOU NEED.

quotes.airsupplytools.com is a free resource created to help you replace broken or missing tools with tools that fit into your kits perfectly.

Our P/N system deciphered:

- Aircraft-Workcenter-Box # is a complete kit.
- Add a suffix -B, -KT, -BKT- or -T to order box only, kitting only, box with kitting only, or tools only. All options built per the tool control manual at the time of order.

STEP ONE

Sign up for the site by visiting **quotes.airsupplytools.com** and clicking on **register for a new account**.

STEP TWO

Log in to visit the home page that shows the different platforms. Your home page will present available tool kits for your application. If you don't see your kits, let us know. We can add them at no charge.

STEP THREE

Select your workcenter from the tiles or the list on the left.

STEP FOUR

Select the individual kit from the category.

AIRSUPPLY TOOLS

STEP FIVE

Select the individual tools from the kit and add to your cart. On the left you will notice that you can choose the box only (-B), the foam with cutouts or shadows and clips (-KT), or the entire set of tools without foam nor box (-T). You may also select the box with kitting (-BKT). If your desired option is not shown please contact us, we can add it.

STEP SIX

Once you add the items to your shopping cart, please select request quote to submit. Once formatted it will be emailed.
