ALL BOXES IN STOCK
FOR FAST DELIVERY

TCM COMPLIANT PLASTIC BOX WITH FIVE STEEL DRAWERS

Each drawer is 19.375" W x 7.875" D - PN: 39024

- Portable toolbox designed for aerospace applications. Includes optional casters as well as optional shoulder and pull-behind straps.
- Designed for foam tool control inserts, all preconfigured TCM compliant inserts available.
- Molded one-piece design allows for the lid to flip up and convert to a work surface with molded parts trays.
- Built-in side handles and bearing-less slides minimize potential for FOD.

TCM COMPLIANT STEEL BOX WITH FOUR STEEL DRAWERS

Each drawer is 17.5" W x 7.5" D - PN: 37021

- Designed to be tool control manual compliant. Bearing-less slides for FOD prevention.
- Drop in foam inserts from your old toolbox with no modifications, or order custom inserts.
- No casters or shoulder straps.

TCM COMPLIANT STEEL BOX WITH SEVEN STEEL DRAWERS

Each drawer is 33.8" W x 21" D - PN: SFB-22TLBX

- FOD Free design with no ball bearings in the slides.
- Smooth-rolling, long-lasting casters. Integrated lockbar.
- Handmade in the USA.
